- ⦿ Supports Open frame Mount, Wall Mount, Panel Mount

Introduction

The ODP-1010 embedded open frame display monitor offers a standard 10.4" TFT LCD screen supporting 800 x 600 pixels, a sturdy and ready to mount metal chassis, an optional 4 wire resistive touch screen. Each of the monitors come complete with signal input cables, an OSD control, and a power supply making it to ready to install into the end application. The ODP-1010 is specially designed for commercial and industrial applications. It provides system resellers and solution integrators a wide choice of added value for their products, such as retail or ticketing kiosks, ATM, arcade games, vending machines, industrial equipment and instrumentation.
